One year ago today, a horrific act of violence took the lives of 14 students and 3 educators in Parkland, Florida. On this somber anniversary, we honor their memory and recommit to ensuring the safety of all Americans, especially our Nation's children... Disgraced FBI Acting Director Andrew McCabe pretends to be a "poor little Angel" when in fact he was a big part of the Crooked Hillary Scandal & the Russia Hoax - a puppet for Leakin' James Comey. I.G. report on McCabe was devastating. Part of "insurance policy" in case I won....

California has been forced to cancel the massive bullet train project after having spent and wasted many billions of dollars. They owe the Federal Government three and a half billion dollars. We want that money back now. Whole project is a "green" disaster!
